---

**I am requesting the assistance of ATSDR and TXDHS to perform the following activities at the CES Environmental Services Inc. Site in Houston, Harris County, TX.**

- 1. Review available analytical data;**
- 2. Hand out a medical flyer about the site and how to get hold of TDSHS;**
- 3. Walk through the community and determine and record any concerns (health or other);**
- 4. Be available for public meetings (none scheduled yet).**

**The area in purple is the area that I think may be necessary to talk with people.**

**Thanks**
